

A1. Nudge:

SL: You don't want to sleep on this

PV: N/A

Hey {first_name},

Thanks for showing up to the free live masterclass earlier.

If you've already submitted your application form, then feel free to ignore this.

If you haven't yet, then this is your nudge to do it.

The excitement will be gone by the weekend, because the value you've just gotten has a shelf life to it.

You can get started with that right here: [LINK]

My team can't wait to check it out.

A2. Case Study:

SL: Zero to hero

PV: N/A

Hey {first_name},

Let me tell you about one of my students named Darcy.

He was a complete beginner when he first came to me.

I managed to get him to roughly \$15,000 per month shortly after.

His brand went on to generate over \$50,000 in sales last month.

The only thing standing between him and yourself is making a change.

A3. Recap:

SL: Organic Academy in a nutshell

PV: N/A

Hey {first_name},

You showed up to the free live masterclass.

This means that you got access to an offer that I'm not making in the same way anywhere else.

I'm talking about *Organic Academy* of course:

- One-on-one coaching calls for sixteen weekly sessions between us.
- One-on-one access for an immediate communication channel to me.
- Group coaching calls for regular events with myself and guests.
- Course content that's up-to-date, detailed, and comprehensive.
- A community of others embarking on the journey together.

There are also a ton of other bonuses that I'm not even mentioning right now like *The Brand Launchpad*.

The only setback will be remaining stuck where you are forever.

N1. Nudge:

SL: Here's the replay

PV: N/A

Hey {first_name},

It looks like you couldn't make it to the [free live masterclass](#).

I'll get you right with the replay though: [LINK]

This won't be up forever, so give it a watch while you still can.

Let us know what you think.

N2. Recap:

SL: I'm giving you one last chance

PV: N/A

Hey {first_name},

Let me summarize the free live masterclass real quick...

Copying and pasting the AI organic dropshipping strategy which took my ecommerce brand to multiple six figures can be boiled down to two things.

Private label forces you to go all in prior to having any proof of concept.

It requires doing every single task by hand, needing a budget for ad spend in the early stages, and fronting cash for your own inventory.

This means that you're trading time for money, you get wiped out right off the bat, and you're faced with major barriers to entry.

AI organic dropshipping allows you to double down once you're already winning.

It comes down to letting artificial intelligence do all of the heavy lifting, having the algorithm bring you traffic free of charge, and acting as the middleman between customers and suppliers.

The result is that you're working on the business not inside of the business, you enjoy top notch profit margins, and you're welcome to get started immediately.

I'll only be keeping the replay up for a little longer.

N3. Pressure:

SL: It's your move next

PV: N/A

Hey {first_name},

Let me remind you why you registered for the free live masterclass in the first place.

You wanted to copy and paste the AI organic dropshipping strategy which took my ecommerce brand to multiple six figures.

This is without doing everything yourself, having an ad spend budget, or fronting cash for inventory.

The replay isn't going to watch itself.

I'm about to take it down: [LINK]

Let us know what you think.
