

A1. Nudge:

Text:

Thanks for showing up to the free live masterclass earlier guys.

Feel free to ignore this if you've already submitted your application form.

This is your nudge to do it if you haven't yet.

I hope you're all aware that the value you've just gotten fades away pretty fast.

Here's the link for it: [LINK]

A2. Case Study:

Video:

Let me tell you about one of my students named Darcy.

He was a complete beginner when he first came to me.

I managed to get him to roughly \$15,000 per month shortly after.

His brand went on to generate over \$50,000 in sales last month.

The only thing standing between him and yourself is making a change.

A3. Recap:

Voice Note:

All of you guys who showed up to the free live masterclass got access to an offer that I'm not making in the same way anywhere else.

Here's a reminder of it for the ones in the back.

Organic Academy provides you with one-on-one access, one-on-one coaching calls, group coaching calls, course content, and community.

The Brand Launchpad is one of the many bonuses included.

The only setback is remaining stuck where you are forever.

N1. Nudge:

Text:

I know that some of you guys couldn't make it to the free live masterclass.

You're lucky that I've got a replay of it though: [LINK]

I'm just saying that it's not going to be up forever.

N2. Recap:

Voice Note:

I'm going to give you guys a quick rundown of the free live masterclass.

Copying and pasting the AI organic dropshipping strategy which took my ecommerce brand to multiple six figures can be boiled down to two things.

Private label forces you to go all in prior to having any proof of concept.

AI organic dropshipping allows you to double down once you're already winning.

I've taught everything that goes into this throughout it.

I'm only keeping the replay up for a little longer: [\[LINK\]](#)

N3. Pressure:

Video:

I want to bring something to the surface for all of you guys.

You registered for the free live masterclass to copy and paste the AI organic dropshipping strategy which took my ecommerce brand to multiple six figures.

This is without doing everything yourself, having an ad spend budget, or fronting cash for inventory.

I'm only mentioning this because I'm about to take down the replay: [\[LINK\]](#)
