Hey {first_name},

You've just registered for the free live masterclass.

This means that I've actually got your attention.

I want you to know that *The Brand Launchpad* is waiting for you.

You can grab it here: [LINK]

See you there.

3. Unique Mechanism:

SL: How does this even work?

PV: N/A

Hey {first_name},

I want everybody that's registered for the free live masterclass to copy and paste the AI organic dropshipping strategy which took my ecommerce brand to multiple six figures.

Private label forces you to go all in prior to having any proof of concept.

It requires doing every single task by hand, needing a budget for ad spend in the early stages, and fronting cash for your own inventory.

This means that you're trading time for money, you get wiped out right off the bat, and you're faced with major barriers to entry.

AI organic dropshipping allows you to double down once you're already winning.

It comes down to letting artificial intelligence do all of the heavy lifting, having the algorithm bring you traffic free of charge, and acting as the middleman between customers and suppliers.

The result is that you're working on the business not inside of the business, you enjoy top notch profit margins, and you're welcome to get started immediately.

I'll be teaching everything around this inside of the free live masterclass.

See you there.

- James

4. Narrative:

SL: Made it out the mud

PV: N/A

Hey {first_name},

Let me give you some context real quick.

I was putting myself through university with next to nothing in my bank account.

I spent ages trying to make my ecommerce brand work until I found something that stuck.

I finally managed to hit it big using AI organic dropshipping.

I'm still working on it to this day and putting others onto the method.

See you there.

- James

5. Future Pacing:

SL: This makes all the difference

PV: N/A

Hey {first_name},

I want you to picture this for a second.

You wake up without an alarm, to the view of your dreams, day in and day out.

You spend some time working on the brand, producing videos for it, and keeping an eye on things.

You take the rest of the day off even though you're generating sales on autopilot.

This is the life that AI organic dropshipping has handed over to me.

See you there.

- James

6. Sneak Peek:

SL: I'll let you in on a little secret

PV: N/A

Hey {first_name},

Everybody's been asking what I'm going to cover on the free live masterclass.

Here's a sneak peek into the three pillars...

The first is how to build a brand which stands out amongst the crowd.

It's all about laying the groundwork properly in those early stages.

The second is how to generate sales by posting videos on social media.

This is where the cash flow actually occurs.

The third is how to scale while taking a step back from the day-to-day.

These are the moves that take you to the next level.

The cherry on top will be a Q&A for the ones that stay until the end.

I hope you know that the ninety minutes that it consumes are going to be so worth it.

See you there.

- James

7. Objection Handling:

SL: Your prayers have been answered

PV: N/A

Hey {first_name},

I'm getting a lot of questions about the [free live masterclass](#).

Let me speak into some of the big ones...

You might think that I won't teach everything inside of it.

The thing is that I've refined it to what's actually going to move the needle.

You might think that this is all available on my YouTube channel anyway.

The whole point of it is to hand you the full picture rather than scattered pieces of it.

You might think that this will turn into one grand pitch.

The reality is that I'm teaching it all whether you work with me or not.

You might think that you can simply catch the recording.

The truth is that being there in person helps extract as much value as possible.

I can guarantee that you'll walk away with more than you had to begin with either way.

See you there.

- James

8. Addressing:

SL: Why am I making this free of charge?

PV: N/A

Hey {first_name},

I'm just going to be straightforward with you, because I get asked this all the time.

It's a common misconception that I have to choose between doing it myself and helping others, even though I can do both at once.

I'm a player and a coach at the end of the day.

This also gives me the chance to learn from everybody who gets results.

See you there.

- James

9. Reminder / Recap:

SL: It's game time

PV: N/A

Hey {first_name},

The day has finally arrived.

I'm going live at *7:00 PM AEST*.

Here's what I'll be covering tonight...

- How to build a brand which stands out amongst the crowd.
- How to generate sales by posting videos on social media.
- How to scale while taking a step back from the day-to-day.

I'll do a Q&A for everybody that stays until the end.

I've simplified everything so that you're ready to go within the span of ninety minutes.

See you there.

- James

10. Reminder / Conviction Building:

SL: One hour left

PV: N/A

Hey {first_name},

Someone in your position is about to copy and paste the AI organic dropshipping strategy which took my ecommerce brand to multiple six figures.

This is without doing everything yourself, having an ad spend budget, or fronting cash for inventory.

The only difference between yourself and this person is that they showed up to the free live masterclass.

Most of the people that registered for it won't, because they've told themselves that they can another time, but they can't.

See you there.

- James

11. Reminder:

SL: We are officially live

PV: N/A

Hey {first_name},

The free live masterclass is happening right now and the room is beginning to fill up.

I'll be getting into the first pillar pretty soon.
